Bulletins

- Posted Oct 5th, 2018 Price increase on Dymond Products purchased from China. US Tariff 25%.
 - We regret to inform you of price increase effective immediately on some products due to the new Tariff on products coming from China.(25%) Several of our product line will remain the same and others will increase as product arrive. We hope this Tariff will help both workers in America and possibly bring back manufacturing to the US. We will do our best to keep pricing down to help our valued customers. We want to thank you for your support and understanding on this matter!
 - **Product effected:**
 - Servos and Servo Accessories
 - Motor ESC and BEC
 - Charger and Charger Accessories
 - Lipo Batteries and Lipo Accessories
 - Misc. Tools and Testers.
